Dear Grace Church Family and Friends,

On this beautiful spring Tuesday, I thought would share some words of wisdom from the brothers of the Society of Saint John the Evangelist in Cambridge, MA.

Faith:

Our faith is both a belief and a power. When we believe that God is taking care of us, we are given the power to face our fears and challenges, confident that we will be given what we need.

Believe:

There is good reason to believe. There is cause for hope. Faith is possible, even when evil seems to prevail. God's strength and power to save will always prevail.

Share:

Jesus has come to give us life. And we have this life to give it away. Not cling to it, nor grasp after it, nor squander it, nor squirrel it away, but to share it abundantly. There is always more provision. Draw on it and share it.

See you in church,
Andrew
